Ephesians 3:20-21***

To the Hope Clinic Family,

Over the past 6.5 years God has given us the privilege of sharing his love by serving our neighbors through healthcare. In that time, we have transformed from a once weekly pop-up clinic into a medical home offering comprehensive, high-quality services for nearly 1,000 people. I have been honored to have been involved in that process from day one.

Now, for the first time in our organization's history, we have the staffing and capacity to explore reaching beyond the walls of our current space to serve even more Collin County residents. At this crucial stage in our development and after many years of volunteer positions, I am excited to announce that I have officially joined the Hope Clinic team, partnering with our existing leadership team and staff, in the role of CEO.

We will continue to steward the resources that God has entrusted to us to share the love of Jesus with our most precious gift, our patients.

With over 276 hours of volunteer service since February of 2023 as a Medical Scribe, Calvin Uong has made a huge impact on the clinic's day-to-day operations!

"What I love about serving as a medical scribe at Hope Clinic is being able to witness the genuine compassion and love the team has for their patients and their eagerness to go above and beyond in providing for their healthcare needs and also their emotional and spiritual needs. I know how significant the impact this clinic can have on the underserved population because my parents and relatives did not have the same level of access to healthcare in their country growing up. Witnessing the care and kindness at Hope Clinic has been inspirational in my journey into becoming a hopeful future physician and I aspire to share the same level of enthusiasm and professionalism in providing quality, compassionate healthcare to my future patients," said Calvin.
